IN 36th YEAR — EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, OCTOBER 3, 1942

NUMBER 49

\$145,000 Allotted To Top 12.3 Miles Highway Between Hamlin and Rotan

It will be good news to the people along the Hamlin-Rotan Highway this week to learn that a fine sum of money has been allotted to top the east end of Highway No. 92, beginning at the intersection of Highway No. 83 in Hamlin and extending west a distance of 12.3 miles.

It will be welcome news to the people of Hamlin and equally as much so to Rotan to know that the final steps are under way to complete this much needed and worked-for highway between these two West Texas towns.

It will be good news to all of the traveling public to hear that the hard top is soon to go down on this West Texas stretch of highway that has been forming a muddy gap between Hamlin and all points west. It will mean the elimination of great annoyances and distances in travel for all sections of the nation trying to get across this section of West Texas.

This information is really "OFFICIAL" and comes with some surprise in so much as at this time highway funds are being used so much for military essential roads.

Here's our information:

Abilene, Texas
September 27, 1941

Mr. Bowen Pope, Editor
The Hamlin Herald
Hamlin, Texas

Dear Mr. Pope:

Please be advised that we have just received from the Austin office the 1942 Secondary Highway Program which was recently approved by the State Highway Commission. It is noted that this approved program includes two projects which are considered as falling within Hamlin's trade territory. These two projects are as follows:

Jones County, Highway 92, Hamlin to Fisher County line, 1.3 miles Surfacing \$15,000.00.

Fisher County, Highway 92, Jones County line West 11.0 miles Surfacing \$130,000.00.

Contracts will probably be awarded on these two projects within the near future.

Sincerely yours,
S. J. Treadaway
District Engineer

NOW let us analyze what that contract means:

First, it means that SEVEN blocks in Hamlin residential district and all blocks on what is known as Lake Drive (the City part of Highway No. 92) will be improved by a modern paving. This will also place a hard surface to the Fish Lakes-Park road west of Hamlin and in many ways enhance the property values of the west side of Hamlin. This alone is sufficient to cause great satisfaction and joy to Hamlin people.

This all-weather road will mean untold comforts to all the farmers adjacent to this road into Fisher County. Also it will lessen the muddy haul of the stockmen and oil op-

erators farther west in the Hitson-Round Top communities. It will give the Hitson school and churches advantages for all time.

The east end of the Hamlin-Rotan highway is the "bad end" because of the black dirt that makes travel impossible in wet weather. To extend the surface 12.3 miles west will reach within 10 miles of Rotan and part of that distance has had a gravel top for a long time.

It is likely that the remaining section of the road next to Rotan will receive allotments in the immediate future. This will place Rotan to better advantage because of a direct east outlet.

OTHER IMPROVEMENTS

Fisher County is now getting her highways completed. Highway No. 15 is yet under construction and just recently contracts have been let or soon will be let to asphalt the Borden County section and this will give a hard surface to Fisher County's west line, about 17 miles from Roby. A five mile section was based out from Roby some year or so ago, so the unpaved section on that road will really be only about 12 miles. But here is guessing that all of the Fisher County part of No. 15 will be finished in 1942 as well as the balance of No. 92 to Rotan.

DON'T FORGET

NOW THEN there is just one more section that MUST be built or completed in Fisher County—it is our pet road from Hamlin to at least Highway No. 15 beyond McCaulley. This road is almost essential to several communities. Hamlin and McCaulley need it badly and so does Sylvester community, so do even Roby and Sweetwater. It will some day become a most extensively traveled cross-cut road in West Texas. Only eleven miles are actually required since the 2.2 miles have been built out from Hamlin to the Fisher County line, southwest along the railroad. We'll wait and get it, what do you SAY?

Some Texas communities have had their highway program completed so long ago that they have forgotten how to appreciate the Highway Department. Maybe Hamlin is enjoying "anticipating", and has an abundance of appreciation left.

Thank you, Mr. Treadaway, for your welcome letter.

MARRIED

Rev. George Nicholson reports a marriage at the Calvary Baptist church on Saturday of last week. He was busy in his study and Floyd Wolfe and Miss Sula Tankersley drove up and had the ceremony performed in the church.

Both of these young people live in Hamlin and make their home here.

Mr. and Mrs. Tom Farrow returned Sunday from San Diego, where they left their son, Boyd, to work in the Consolidated Aircraft plant. Farrow Burns, son of Mr. and Mrs. Arthur Burns of Handley, Texas, came with them. Farrow was discharged from the Navy in March after serving four years. He is now with Consolidated Aircraft.

A PERFECTLY GOOD CAR

FOR SALE: A dandy, old car, useful yet for many years. It is the Herald's 1927 model 'up-town' Buick. It kicks off and goes every time you step on the starter, cold or hot, wet or dry. Has EVERYTHING and is worth more than you will have to pay for it. Five good tires, one brand new. Has enough brass and aluminum to build an airplane; not a leak in radiator or engine. Will run with or without oil, gas, or water (better have all for best results). This Buick has good upholstery, seven curtains, and only one glass out. Recently greased and new oil in crank case. What do you offer? It is for sale, but not to give away. See it any day in front of the HERALD. We forgot this Buick lacks only one thing—a battery. This is a chance to get a good utility carriage. Don't wait.

Hamlin Pipers Had Hot Game At Rule

When two high school foot ball teams tussle for four quarters and come out 6 and 7, or 7 and 6, it is a hot game. Well, that's what happened up at Rule last Friday night. O, yes, Hamlin got "7" by the skin of the Pipers' teeth. But a win is a win, and from all reports, Rule has some "he Bobcats" this year, and they showed plenty of stuff.

It would seem D. Coles got a break in the game and won a part of the bright light with Nolan Haines. But Dean Witt almost took the breath from the Hamlin fans and stopped the blood flow of the Rule-ites when he snatched an intercepted pass and chased across the field a distance of 91 yards with the Rule goal line only 9 yards from a touchdown when he was nabbed by a Bobcat. Too bad, Witt, too bad. There was too much Brock out there, and maybe he had been sitting down while you were running. Yes, S-i-r-e-e, it was hot for both teams and scorching for both towns.

Now, as the press of the Herald is running, Hamlin 1942 Pipers and Aspermont are in a battle down on Piper Field. Listen more for the doings of the home boys.

A FINE BOY

Mr. and Mrs. Clifford Stice are parents of a fine seven pound son, Clifford, Jr., born at the Stamford hospital, Thursday, September 25, 1941. This might be called a pre-Christmas present, just three months to Christmas. Mr. and Mrs. Stice have apartments in the Tegart residence on Union Avenue.

Jones Co. Boys Go To Ft. Bliss Monday

The September 29th call on Jones County young men selected four men from this county.

They were Oliver Butler of Hamlin, Granville Tysen Polacek of Lueders, Marvin T. York of Hamlin, and Manuel Nieto (Mexican) of Stamford.

LATER:

A telegram was received late Wednesday by Mr. and Mrs. M. T. York that their son had failed in the physical examination at Ft. Bliss. He arrived home Thursday. Marvin had volunteered to serve in several branches of air service and naval branches, and each time his physical examination stopped him, yet, the selective board sent him on in the regular channels to Ft. Bliss.

IMPORTANT

SUBSCRIBERS: If you give your money for papers to just anybody, it is at your own risk. We have no agents authorized to do any "Clubbing" for the Hamlin Herald.

If you fall for the stranger traveling over the country begging you to permit him to include your name for the Herald, it is at your risk. This is causing confusion and loss to you and the Herald.

No one can give you credit for the Herald except the office where the records are kept. Let's play safe.

Mrs. Mert Ledlow, of Abilene, is visiting her aunt, Mrs. J. H. Feagan.

Ministers Alliance Secures School Auditorium For Crimm Revival

Evangelist B. B. Crimm

The Ministerial Alliance of Hamlin appreciates the action of the School Board in permitting the use of the High School Auditorium for the Crimm Revival. It was the request of this organization that this privilege be granted. The Ministers of this association feel that this City-Wide Revival will be a great spiritual blessing to the entire community. It starts Monday night, OCT. 13.

J. E. HARRELL, President
H. E. EAST, Secretary

Hamlin School Teachers In A Serious Car Wreck

Supt. Gordon Bennett and Principal Hubert Morton were able to appear at their posts of duty Monday morning, but they looked as if they had been in battle with one "brown bomber".

The Superintendent carried a good sized patch over his left eye and forehead. The Principal received his most painful smash on the chin and face.

It was about three miles east of Breckenridge, about 5:00 P. M. Sunday as Supt. Bennett, wife and daughter, Patricia, and Principal Morton and wife were in the Bennett car returning from Ft. Worth, where they had been to take Mr. Bennett's mother home after she had spent the summer in Hamlin. A man with a light truck approached them going east and evidently he figured he could turn in at a cross road ahead of the Bennett car, but he could not do it, and with the Bennett car's horn blaring and the brakes screeching, the crash came. Only the men were painfully injured. The car did not turn over.

Mrs. Bennett grabbed her little daughter and braced herself in such a way as to protect her from being thrown against the front seat, and all Patricia received was a bad scare, and Mrs. Bennett one or two slight bruises. Mrs. Morton was slightly bruised.

It seems that Mr. Morton received the worst of it. He had nothing to brace him except the windshield and the dash board. However, all were fortunate in getting out alive. The Bennett car was greatly damaged, and the offending vehicle was hardly scratched.

ANOTHER SIMILAR ACCIDENT

About the same hour and by almost the exact circumstances, a near serious wreck happened in East Hamlin Sunday afternoon, at the point where the Oil Mill road branches off from Highway 92. A white or cream colored car coming west, driven by strangers, was forced into the ditch on the right with slight damages, but no one was injured. The other car, driven by a farmer, was turned back west and it, too, was almost in the ditch. Both cars were able to pull out on their own, and the three men felt good that they came out so well.

Haskell's Fair Opens Next Wednesday, 8th

Haskell — With everything in readiness for the opening of the 17th annual Central West Texas Fair in Haskell, Wednesday, October 8 for a four days' run, the exposition is expected to attract a record attendance of visitors from neighboring towns and communities.

Primary object of the Central West Texas Fair is to portray the diversity and development of West Texas agricultural, livestock and poultry industries, and entries and advance interest of exhibitors indicate that displays of farm products, cattle and poultry will surpass any previous exposition.

Other outstanding exhibit divisions will include culinary, textile and art exhibits, Women's H. D. Club and Girls 4-H Club booths, curio and art exhibits.

A special feature of the 1941 Fair will be a Dairy Classification Show, open to all dairy breeds. Judging of animals will be on a classification basis, with cash premiums for the highest rated animals in each breed.

Entertainment attractions for the four days Fair will be on a broader scale than in previous years, and in addition to carnival shows and attractions furnished by the World of Today Shows, will include dances, night football games between Haskell and Anson High school teams, and the Abilene and Mineral Wells colored high school teams.

Gala event on opening day of the Fair will be a mammoth mile-long parade at 1 P. M., Wednesday, October 8th. Parade divisions will include young women sponsors from neighboring towns, decorated floats school bands and pep squads, pageant of the Progress of Transportation, and miscellaneous entries. \$100 in cash awards will be paid to winning High school bands and pep squads, and all school children will be admitted free to the fair grounds Wednesday afternoon.

Dean Davis, President West Texas C.C. Guest of Hamlin

The official staff of the Hamlin Chamber of Commerce was honored Tuesday night by a visit of the West Texas Chamber of Commerce President, J. Thomas Davis, of Stephenville, Texas, better known as "Dean Davis" of John Tarleton College.

Mr. Davis was accompanied by Max Bentley, Public Relations Secretary for the West Texas Chamber of Commerce.

The meeting was held at the Morgan Hotel, and a supper was served to the following Hamlin persons connected with the Hamlin Chamber of Commerce: Miss Dorothy Gardner, Secretary; Ivy Witt, President; R. Y. Barrow, Vice President; and the following: Joe L. Culbertson, Holly Toler, Henry Albritton, Ted Russell, Stanley Carmichael, Tate May, Bowen Pope, J. E. Moody, R. B. Campbell, and Frank Waggoner.

President Davis is doing something no other man has done in this capacity—visiting every associated town in West Texas. He is doing this as a kind of instruction work, that is really selling the objects of the West Texas Chamber of Commerce to those who are leaders in the several local communities.

Mr. Davis made a most interesting and instructive talk, proving that every man, woman and child in this great West Texas area has been directly and will be directly benefitted by the united efforts of the West Texas Chamber of Commerce. He made it clear how democratic this organization is; how all of its planks or objectives have been developed from the mass of natural considerations over the area. He proved that any country is at a disadvantage unless some united effort is in existence to demand or clamor for its rights.

The only regrettable feature of the address was that everybody in this community could not have heard his statements as to what the organization is doing.

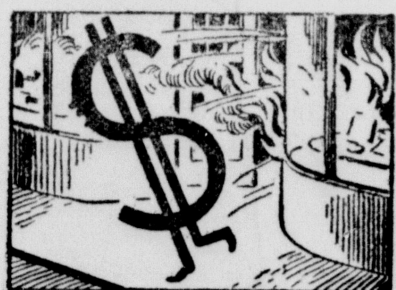

Dean Davis is one of Texas' most useful men. Not only is he a leader in education, but he is equally as outstanding in civic and commercial matters. His general attitude is one of soundness and humbleness. To hear Dean Davis talk is to feel his sincerity and burning desire to do something good in the world.

SEE THE NEW CARS

The 1942 automobiles are attracting great attention. Notice this week's Herald for further information. New cars are now on display, and it won't hurt your eyes "just to look".

Thursday Mr. and Mrs. S. A. Johnson left for Coleman to make their home at least for the immediate present. Mr. Johnson is with the Humble Pipe Line and the company is transferring him from Hamlin to Coleman. It is appropriate here to say that Mr. and Mrs. Johnson's son, T. P., is a soldier boy and has been at home now for the past two weeks on a furlough. He will leave also this week for his camp at San Luis Obispo, Calif.

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

Newspaper Week—

This is National Newspaper Week, October 1 to 8th.

When we think of newspapers, and when we say "We", it means us folks in the rural communities similar to Hamlin. It is natural for us to think of the small rural community, for most of us have never known much else.

THE NEWSPAPER for all of us anywhere is "The Home Paper", whether it is printed in Hamlin or New York. The larger the community, the less does a single newspaper hold the position of "The Home Paper."

The common small community newspaper really represents the mass of the nation's population, notwithstanding the fact that some of the city papers count their readers into the millions.

The most independent papers are those in small communities, however, not many papers are "independent". All of them are more or less "bound" by the general trend. No paper can really be FREE unless it is operated by some one who has means enough to put it out and not give a whoop whether any-

body advertises in it or reads it. This is one nation where publishing is thought of as being a free press, but that is far from true. Even the Hamlin Herald should speak out against some things in our present governmental proceedings, but public sentiment will not permit. When everybody is "doing it," or would if they could qualify, it becomes dangerous to speak up against whatever wrong that is prevailing or has a tendency to become prevalent. Sometimes a newspaper man can see far ahead and should sound a warning, but to sound that warning would mean first his own "decapitation." So the press is not free in Hamlin nor in Chicago.

The heart of any nation lies out among the toiling mass of people who rally to make up our armies, navies, air force and every branch of real national defense, and to the peoples in the smaller districts, their Home Paper has a power not felt by the big dailies.

Farm Cash Can Be Permanent In South

Opportunity To Build Better

Farming and Livestock System

Smoke billowing from factory stacks, lengthening lines of workers before pay-windows of defense plants, and many other industrial developments are being hailed as new opportunities for the South; but, agricultural leaders point out, today's opportunities for Southern farmers and stockmen to develop sound, efficient practices, as a result of increased farm income, may be of even greater economic importance.

Too-often, history shows, larger agricultural income has been dissipated for luxuries of immediate value, only, or in unwise expansion, rather than invested in permanent improvements and better breeding stock that increase the efficiency and productivity of land, livestock and labor. Today's increasing revenue from more efficient production of livestock, livestock products and crops of the South should be converted into better breeding stock, improved buildings and equipment, terraces and trench silos, and other sound investments that pay returns in the form of greater efficiency on the farm or ranch. Some use of income, authorities add, represents a lasting value that aids the individual and nation in "weathering" periods of reduced income.

By combining the South's proved ability to produce feeds abundantly with greater efficiency in using these feed resources for livestock production, Southern farmers and ranchmen can profit from present demands for livestock products and, at the same time, develop a better-balanced agriculture for the future. In protein-rich cottonseed meal, or cake; in grains and other carbohydrate feeds; in hays, pastures, cottonseed hulls and other sources of roughage, the Cotton Belt has the "raw materials" for producing a far larger share of the nation's food supply, and for balancing produc-

tion of cotton, tobacco, wheat and other cash crops.

Because of the economic importance of cottonseed feed products to the livestock industry, as well as of cotton and cottonseed to cotton growers, cottonseed meal, cake and hulls can play an important part in these sound developments.

By supplying nutrients essential for a properly balanced ration, such protein concentrates as cottonseed meal enable livestock feeders to produce more pounds of meat, milk or wool per animal; and secure more productive value from every pound of grain or other carbohydrate feed used in the ration. In addition, the availability of cottonseed meal or cake enables ranchmen and farmers to maintain their stock through cold winter months or dry periods without costly losses of weight and condition.

Southern cotton fields, in this way, provide essential feeds to aid farmers and stockmen not only in securing more immediate cash return from their land and labor, but also in building a farming and livestock system for the future. By utilizing with increasing efficiency its crop and livestock resources that are already available, the South can profit most from the present demand for and revenue from, its products.

Again...real reasons for the Mileage to expect from

Your Mileage Merchant

"TRY MY NEW CONOCO Nth OIL THAT WON THE CERTIFIED DEATH-TEST IN DEATH VALLEY"

"THEY SAY you can hardly get up a sweat in Death Valley; the heat's so dry. A red-hot desert, only worse—way below sea level. Some hotspot to give you a showdown on your motor oil. And that's just where they went and tested this new Conoco Nth oil I've got here for you right now. My crankiest customers go for it, and I've got lots of new trade by telling the straight-out certified mileage record of Conoco Nth oil, which lasted any amount longer than the 5 other big brands in the Death-Test. That's lasting to the Nth degree.

"It was the same fair and square chance for all, because the cars were all the same, and first the Referee even had the new engines taken apart to make sure no oil got any edge. They were all on the same desert, hitting the same speed around a mile-a-minute. And just one single 5-quart fill of some one brand was in every crankcase—locked, so as not another drop got in. And when was the finish? Not till the one fill was so far gone the engine busted up. Imagine 6 new ones junked on purpose, BUT... this new Conoco Nth oil that people like, lasted 5,600-and-some miles longer than any other oil in the Death-Test.

That's certified. Conoco Nth outlasted one of them more than 8,200 miles!—mileage to the Nth degree.

"You want reasons for anything that important, and let me say this: any oil that you'd want for your engine today has been plenty refined to get rid of the bad things in oil. The only trouble is that this same swell refining can't help taking out some of the very best things! Out goes lots of good 'vim-and-vigor', except for Conoco being able to bring it back good and plenty with their Thialkene inhibitor that's in Conoco Nth motor oil—patented.

"And surest thing you know, this great new Nth oil is still made under the famous Conoco Germ Processed oil patent. So it will still give your engine good old OIL-PLATING, which can't all drain down from the working parts even the whole night long, and that's why OIL-PLATING is on guard against wear in advance! This same OIL-PLATING

is just one more thing that made Conoco Nth oil last more than twice as long as some of those others in Death Valley.

"Sure, you don't try Death-Tests, or any other proving-ground tortures. So you'll still insist on draining at just the right times, depending on your car and how you use it. You can ask engineers, and so forth, or come and look at my official chart of when to drain. The way Conoco Nth lasted in Death Valley, you can know that every time I check your oil-level you won't be needing another quart or two. Better OIL-PLATE now with Conoco Nth oil!"

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Good Sportsmanship

By Mary Jo Sills

Because this is foot ball season, we naturally think of foot ball in connection with good sportsmanship. There isn't any loyal Piper who won't tell you that there is an ache in his heart when defeat seems inevitable. The ecstatic joy of the winning opponents seems to be a mock and jeer. This is one of the places where good sportsmanship plays its part. Try to think back and remember how glad you were when your last victory was won. How childish and narrow-minded it would have seemed if your opponents had become angry.

Good sportsmanship can not be practiced only when a team is on its way to certain defeat, but also when a thrill of triumph comes. When a ball team has been defeated by some rival team, its supporters naturally feel a desire to avenge the score. If the defeated team gains victory in the next game it has its revenge! However, this does not mean that jeers and taunts are also in order. The members of the opposing team and their student body are just as loyal to their alma mater as the winning one. They have emotions and feeling just as potent; defeat is just as bitter to them. A little courtesy is an easy thing to practice.

One of the best rules of good sportsmanship is "Do unto others as you would have them do unto you." Good sportsmanship is one of the most admirable traits of anyone. It marks a student as a real Piper!

Band Begins Drive For Uniforms

"Knock, knock, knock. Do you have any old papers or wire coat hangers?" Have you heard any one say this lately? Just in case you

haven't heard, the band is trying to buy new uniforms. There are forty-eight members of the band, and Hamlin High school owns thirty-eight uniforms. Five of the band members have been unable to be fitted because of their size, and over one-half of those wearing uniforms are misfits. Some are too small, others are too large, and the Drum Major has no uniform at all. These uniforms the school has are very obsolete, compared to the ones used by better bands.

When the last paper is collected and the last coat hanger is sent off, the band will rejoice over the fact that new uniforms are on the way. Mr. Clyde Smith plans to buy the best, up-to-date Cadet uniforms possible. They will have shako hats with ostrich feather plums. The coat and slacks will be made of wool, gaberdine or whipcord material. The life of these uniforms will be ten years whereas the cheaper uniforms do not last as long. The price of the new uniforms will be thirty dollars each.

The band has several schemes to work out to raise the money for the uniforms. They have already started knocking on doors asking for the old papers and wire coat hangers. They also plan to have a minstrel show, concerts, cake walks, Parents Booster Club and collect scrap iron and tin. The Lions and Rotary Clubs are once again giving the band their generous support.

So—Watch out folks! They are on their way. It's "Uniforms or Bust!"

Class Meeting Begins Senior Activities

The senior class held a meeting last Friday for the purpose of selecting the class officers for the following year. Those chosen to serve are:

President, Milton Fletcher. Milton has an admirable record as one of

the foremost leaders of the class. He has always taken part in such extra-curricular activities as speech, band, glee club, tennis and dramatics. He served as president of the junior class last year.

Vice President, Selma Hassen, Selma is particularly outstanding for her work in debate and press club, as well as her high scholastic rating. She has been a straight A student since her freshman year. She has participated in all her class activities and is well liked by the students and teachers.

Sec'y. - Treasurer, Bettye Abbott. Bettye has also been active both this year and last in class undertakings. She had the leading feminine role in the junior play. She is already on the job, and the seniors feel sure that they did the right thing in electing her their secretary.

Reporter, Joe Ball. Joe moved here last year from Knox City, where he was president of his junior class. He holds high scholastic standing both here and in Knox City, and has been active in the band.

Mr. and Mrs. Grogan Turner and Mr. and Mrs. Bob Barrow were chosen class mothers and fathers.

Seniors chose maroon and gold as colors for the class of 1942. The queen and her escort are to be elected some time soon.

Freshmen Elect Officers

On Sept. 25, the Freshman class of Hamlin High school had a class meeting. The purpose of this meeting was to elect officers, which are as follows:

President, Glynn Sanford; vice-president, Mart Farrow; sec'y.-treas. Thelma Carlton; reporter, Ola Jean McInroe; parliamentarian, Judy Gordon; and social committee: Earlene Johnson, Joanne McCrary, and Dwain Brown.

The queen of the Freshman class is Jonell Newberry and her escort

is Ray Coles.

Mr. and Mrs. Johnston and Mr. and Mrs. Bledsoe were elected class parents.

The sponsors of the freshman class are Miss Smyers and Mr. Archer.

Sophomores Organize

The sophomore class met in room 8, Sept. 25. The following officers

were elected:

President, W. T. Johnson; vice-president, Jack Harden, Jr.; reporter, Frances Gardner; sergeant-at-arms, Clifford Carr.

Miss Murphree and Mr. Campbell had already been elected as the sponsors. No definite plans for activities have been made, but the sophomores are looking forward to a successful year.

Future Homemakers

The second section of the Future Homemakers Club met in room 17. The following officers were elected:

President, Koleta Clements; vice-president, Bettye York; sec'y.-treas. Joan Culbertson; parliamentarian, Frances Gardner; reporter, Hortense Phenix.

The class has decided to study the topic: "Our part in the National Defense." The regular meeting day is Wednesday. Miss Smyers is the sponsor.

On Sept. 15, the Future Homemakers of Texas, first section club, held their second meeting. Blue and silver, representing the cornflower, were chosen as the colors. The club selected as its motto, "Our dreams of today are our realizations of tomorrow."

The first program was based on the theme for the year, "Our part in the National Defense." Those on the program pointed out that we might do small parts in National Defense by buying defense bonds, donation of old papers and coat hangers to the Boy and Girl Scouts.

HOMEMAKERS HOLD RUMMAGE SALE

A rummage sale was sponsored Saturday by the Future Homemakers in order to make money to attend the State Rally next Spring. Also to help buy some new equipment for the homemaking department.

STATEMENT OF THE OWNER-SHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Hamlin Herald, published weekly at Hamlin, Texas, for October, 1941.

State of Texas,
 County of Jones, ss.

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared the owner, manager and editor of The Hamlin Herald, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse side of this form, to-wit:

1. That the name and address of the publisher, editor, managing editor, and business manager is Bowen Pope, Hamlin, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are none.

Bowen Pope, Editor
 Sworn to and subscribed before me this 1st day of October, 1941.

J. B. Eakin, Notary Public,
 Jones County
 (My commission expires June 1, 1943).

Private Melvin J. Meeks, Hq. Sq. 21st Bomb Wing, of Hamlin, Texas, will be among the 56 selected men who will graduate from the New Orleans Army Air Base cooks and bakers school on Monday night, Sept. 29th, after a three months course of instruction in preparing not only good army meals but also those dishes one finds in the best of hotels and civilian eating establishments.

Fisher County Women To Meet October 7th

The Fisher County Home Demonstration Council will have as guest speaker October 7th, at 2:00 P. M., in the District Court Room at Roby, Mrs. Mildred Lee Crump, District Supervisor of School. Projects who will speak on "How School Lunch Programs Could be Operated in Fisher County." All superintendents, principals and school board members are invited to hear this part of the program.

Also, it is important that as many mothers as possible attend this meeting. This part of the program will precede a business meeting of the council which will include plans for the annual Educational Exhibits and year book plans and reports on Land Use Planning and Mrs. S. E. Carnes of the Hitton Club will give a report on the Texas Home Demonstration Meeting she recently attended in Beaumont.

SCHOOL NEWS

(Continued From Page Three)

ment. The girls who helped in the sale seemed to enjoy the day and they reported a nice business.

Organization of Pep Squad Is Planned

Monday afternoon all the boys and girls of Hamlin High school met separately for the purpose of planning a uniformed pep squad. Mr. Bennett explained why the school needs one in place of a student body cheering section. It seems that when the Pipers are out of town there is not much backing the team, and Hamlin High can not have a very good showing without colorful uniforms.

Due to the fact that the uniforms will be inexpensive, a large number of the students were willing to join this pep squad. Mrs. Griggs will be sponsor. Definite plans were not made, but the organization will get under way soon. The meeting closed with two peppy yells.

With a lot of co-operation and help the students plan to have a good representation at the on-coming games.

Seniors Sponsor Cake Walk

Saturday night, Sept. 27, the senior class sponsored a cake walk for funds to help pay for the senior gift to the school. Two circles were laid off just north of Inzer Drug store and some forty cakes were given away or auctioned. The band furnished music for the event, which netted about thirty dollars for the class treasury.

Glee Club Organized

The Glee Club has begun this year's work with a large number of new members and plenty of enthusiasm. At the present they are specializing in classical music, and are also learning the Pied Piper Songs. New officers of the Glee Club as elected are:

Loften Brown, president; R. M. Petty, vice-president; Billie Faye

Bountree, sec'y-treas.; Bettye Abbott, reporter; Koleta Clements, librarian; La Nell Carlton, accompanist.

The director is Mr. Clyde Smith. The club consists of 44 active members. They have a larger bass section this year than ever before and certainly have some outstanding voices in this section.

Hamlin Scored On First Time This Year By Rule Bobcats

Rule, Sept. 26—Hamlin still holds her '40 prestige as defending champs of district 10A by making Rule hold on to their hats as the Pied Pipers breezed by the Bobcats to over-score them by a 7-6 victory. Last year the pipers downed them 32-0, but the Bobcats had a much better team this year and played much harder and a much better game than last year. The Bobcats were about evenly matched in weight with the Pipers.

The first six points were chalked up in the first part of the second quarter by Don Coles when he intercepted Haines' 26 yard pass. Barrow kicked for the conversion point.

The Bobcats came back strong as Barrow's kickoff was intercepted by Hodges on Rule's 35 yard line. There Hamlin took possession of the ball but they gained only five yards before Rule took the ball again on the 30 yard line. Rule's Turner took the ball to the Pipers 49 yard line. Then they plunged to the 45 yard line. From there Crouch received a pass to Hamlin's 15 yard line. After two downs, the Bobcats pushed on to Hamlin's 5 yard line for a first down.

On the fourth down, V. Townsend, Rule's 170 pound quarter back, tallied to Crouch, and they made their first touchdown, but Townsend's conversion attempt missed and failed to tie up the score.

The spectacular play of the game came in the first quarter when Dean Witt, Hamlin's handsome junior, intercepted V. Townsend's pass on his own goal line and ran 91 yards to Rule's 9 before Bud Brock caught him.

Rule had 10 to Hamlin's 5 first downs and 94 to 82 yards in rushing, but on the other hand, Hamlin had 9 to Rule's 13 incomplete passes. Both teams scored in the second quarter.

Around The Campus

There's a rumor going around that Joe Barton is being teased by Coach about a blue-eyed boy. Will somebody please find out who it is and tell us?

Rosemary Bristow wants to ride in cars, all right, but she wants them to be Lincoln Zephyrs. She explains it this way: "They're such nice cars." Let's see, seems that we know someone who has a car like that.

John Brown has been looking downhearted, and some say that it's on account of Joe Sam Gray. Why?

One of last year's romances has not gone on the rocks, and we forgot to mention it last week. It's the case of Witt and Hix, the outstanding romance of the junior class... and they're both lucky, if you're asking us.

They say that Ruby Herr was at the show with some little boy the other afternoon. The other girls don't mind, except they do want a chance with the underclassmen.

Company

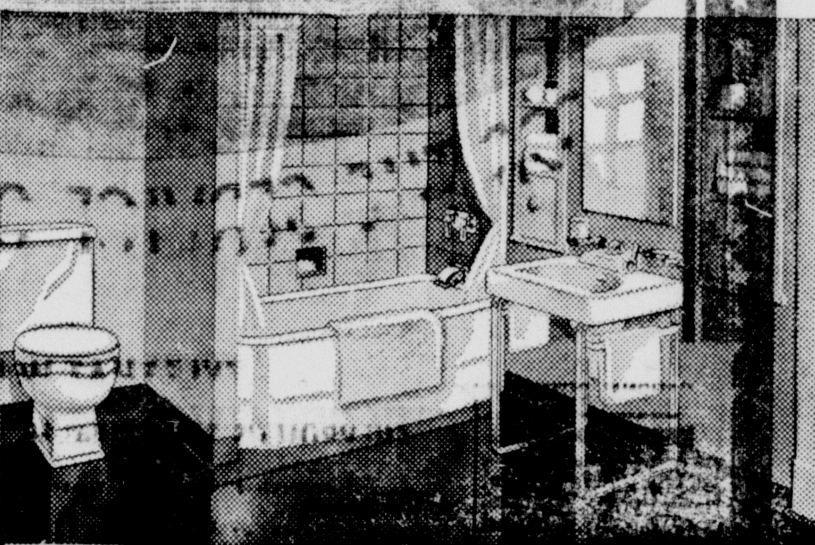

There were a few skeptics who believed that Sundown Barrow and Tootsie Turner went to Press Club meeting just to get out of class. But maybe they were wrong, for they, with the help of Bettye Abbott, or Bettye with their help, which ever way it goes, wrote the piece in this paper about the glee club.... especially the part about the bass voices. By the way, what do you boys sing?

Letters from Hamlin High school wend their way almost every day to the institutions for higher learning—especially to the University of Texas—don't they, Margaret Sellers?

This Dean Witt has really grown up—He courts a junior one night and a senior the next. He's ever better off than on the foot ball field.

Our drum major and our editor turned up at the cake walk together. Nice going for both of them.

Charlene's black eyes are almost gone. She looks a lot better without them, too, if we are saying so ourselves.

Mrs. Clinton Barrow Hostess To Club

Mrs. Clinton Barrow was hostess to the Tree Senoras Club in her home Tuesday afternoon.

Games of bridge were played with Mrs. Ted Bledsoe and Mrs. Barrow making high scores.

At the tea hour, a salad plate was served to Mes. C. F. Butcher, andon Davis, Otis Hopper, Raymond Jones, Bill Rountree, Roy Gilreath, Ted Bledsoe, and the hostess.

Party to Celebrate Fourth Birthday

Bennie Doris Wilkerson celebrated her fourth birthday, Saturday, afternoon with a party at her home.

After a number of games were played and guests had looked at the pretty gifts, they were invited to the dining room where the lovely birthday cake with four lighted candles was cut and served with lunch.

Those present were Junior Johnson, Jackie Wolfe, Quata Miller, Rhela and Erma Fay Kelly, Peggy and Shara Ray Helms, Dorothy Hill, Mildred Jones and Jimmie Lewis Wilkerson.

Optimisses Club Opens With Luncheon

Members of the Optimisses Club opened the club year Tuesday, September 23, with a luncheon in the home of Mrs. A. T. Tipton.

In a short business session which followed the luncheon, Mrs. Hal Rasor was elected president to fill the vacancy caused by the resignation of Mrs. Garland Feamster.

Mrs. Lonnie Gibson was hostess in the afternoon for games of 42. High score for club members was made by Mrs. H. O. McCray, and for guests by Mrs. Roy Gilbreath. Those present were Mes. F. E. Barnes, H. O. McCray, W. H. Dean, O. G. Harvey, G. P. Odom, L. P. Maberry, Hal Rasor, Roy Gilbreath, Pat Marlow, M. Y. Wilson, Garland Feamster, B. F. Meeks, Gerry Richardson, A. T. Tipton, and Lonnie Gibson.

Entertained With Weiner Roast

Wednesday night at 7:30 o'clock the Intermediate Sunday school class of Abbie First Baptist church gave a weiner roast at the Wise Chapel school house.

Four prizes were given to: J. C. Riddle, Faye Neill, Ernestine Jenkins and Lola Faye Ford.

Several games were played. Those attending were J. C. Rose, Everett, and Alton Ellison, Glenna Whitaker, J. C. and Kenneth Riddle, Lola Faye Ford, Fred Vaughn, Ernestine and E. L. Jenkins, Jr., W. Perryman, Faye Neill, Wilburn Ford Wayne Wainscott, Mr. and Mrs. Jack Harley and Mr. and Mrs. N. H. Touchstone.

Warren Nobles, of Brownfield and Miss Mary Margueritte Nobles, a student in Texas Tech, were here Sunday to visit their mother, Mrs. Vera Nobles.

Charlotte Dillingham And De France Burton Recite Wedding Vows

Miss Charlotte Dillingham, daughter of Mr. and Mrs. Joe Dillingham, and Mr. De France Burton, son of Mr. and Mrs. J. H. Burton, were married Thursday evening, September 18, at 7:00 o'clock at the home of the bride's parents. The single ring ceremony was read by the Rev. James E. Harrell, pastor of the Methodist church.

The bride wore a costume suit of aqua wool stitched with white angora wool thread, with black accessories and a corsage of white carnations.

Miss Billy Faye Rountree, her only attendant, wore a dress of blue sheer wool with a pink rosebud corsage.

The groom was attended by his brother, Billy Joe Burton.

Pink roses formed the decorations in the living room where the ceremony was read and also decorated the bride's table which was lighted with white candles. The three tiered white wedding cake was decorated with pink rosebuds and topped with a miniature bride and groom. The bride cut the cake and Mrs. Dillingham and Mrs. Pat Marlowe served coffee.

Those attending the wedding besides the members of the families were Mr. and Mrs. Pat Marlowe and Mr. and Mrs. A. L. Chandler.

Mrs. Burton was a member of the 1941 graduating class of the Hamlin High school. Mr. Burton finished with the class of 1939 and attended N. T. S. T. C. in Denton one year. He is now employed by the Shell Pipe Line Company. The couple have an apartment in the home of Mrs. Forrest Boyd on Jackson Avenue.

For 1942—a Beautiful New

FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

NOW ON DISPLAY

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.
Morning Worship Service, 10:50.
Children and Young People meet at 6:45 P. M.

Evening Service at 7:30 o'clock.
Woman's Society of Christian Service, Monday afternoon at 3:00 o'clock.

The Young People's Union Meeting will be held at our Church next Tuesday night, Oct. 7th. The entertainment and program will be furnished by our church.

Choir Practice Tuesday night at 7 o'clock.

Mid-Week Service Wednesday night at 7:30.

Sunday is "World Wide Communion Sunday." All denominations around the world will observe Communion Service at this time. We are also to observe it as Overseas Relief Sunday with an offering for this cause. The pastor will bring a Communion Message in keeping with this observance. The Choir will render a special Communion Hymn.

At the Sunday School assembly period, the pastor will install all the Teachers and Workers in the Church School. It is very important that every official in the Sunday School be present for this important public Installation Service.

The pastor will preach Sunday night and the orchestra will assist in the music services. You'll enjoy our Sunday night music. Go to Sunday School and Church next Sunday.

Visitors are welcome always. We are glad to have you worship with us.

Mr. and Mrs. J. L. Gibson and children, Patsy, Wayne and Imogene, left Saturday for California, where they will make their home. Possibly Mr. Gibson will work in the Fresno Compress, but for the present they will stop at Corcoran, where they have relatives. This family has lived in Hamlin for nine years. Mr. Gibson has been assistant superintendent of the Hamlin Compress during this time. They are leaving a host of friends in this community.

Don't Forget

China This Sunday

The United China Relief campaign in Texas has received new impetus with the acceptance of the vice chairmanship by Governor Coke R. Stevenson. Governor Stevenson is actively working with Chairman Nathan Adams in the drive to raise \$200,000 in Texas to aid the six million Chinese war victims who are homeless, starving and destitute as the result of the invasion of their country by Japan. United China Relief committees are being formed in all Texas counties and hundreds of communities and it is expected that when the drive ends October 15th that Texas will have contributed its full share toward the national \$5,000,000 goal for China.

Sunday, October 5th, will be observed as China Relief Sunday and Chairman Adams is urging all the ministers in Texas to observe this Sunday in their churches and Sunday Schools by taking up collections in behalf of United China Relief.

The school children of Texas are being asked to contribute toward helping the children of China who are in such desperate need. State Superintendent L. A. Woods is Chairman of the United China Relief Committee for Texas Schools. Money contributed by Texas children will be used to buy food, clothing and medicines for suffering Chinese youngsters. On October 10th will be celebrated the thirtieth anniversary of Chinese independence which will be featured by special programs and entertainments in behalf of United China Relief. Texans wishing to aid China are asked to send their contributions to Nathan Adams, President of the First National Bank in Dallas, and they will be acknowledged promptly.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Mr. and Mrs. John Miles and son, Joseph, and Billie Jack Miles went to Clovis, New Mexico, last Sunday, where they met Mr. and Mrs. Roland Stephenson for a day's visit.

Mr. and Mrs. Louis Boyd attended the program and chuck wagon supper at Anson Sept. 22, given by the Production Credit Association of Jones County.

The Federation of Church Women's Clubs of McCaulley met in the Methodist Church with the Methodist ladies hostesses on the 5th Monday, Sept. 29. The new President, Mrs. Louis Boyd, called the meeting to order and introduced other new officers. The new secretary, Mrs. Ben Short, read the minutes of the previous meeting. Mrs. C. P. Yates gave the invocation, and Mrs. Cecil Ottinger was accompanied by Mrs. Nash Miers in leading the song, "Jesus Calls Us". A duet composed of Evelyn Akins and Ora Frances Steele accompanied by Buford Jackson, gave an instrumental number, which was especially appreciated. Mrs. Ottinger introduced the principal speaker, Mr. Luther Savage, minister of the Church of Christ of Hamlin. A refreshment plate of sandwiches, potato chips, pickles, cookies, coffee and hot chocolate was served to a large group. Mrs. C. E. Dick gave the benediction.

The Melvin Courtneys have had all except one brother of Mr. Courtney visiting in their home in the last few weeks. These included: Mr. and Mrs. Charlie Courtney and three small daughters, of Ewing, Texas; Mr. and Mrs. Willy Courtney and son, of Ewing; Jesse Courtney, of Jacksonville; Curtiss Courtney, formerly of McCaulley, and now of Kelley Field; Miss Pauline Allen, of Abilene; Mr. and Mrs. Amos Courtney and son of Lufkin; and Mr. and Mrs. Duane Courtney, of Ewing, Texas.

Howard Miers, of Lamesa, is back in McCaulley and is employed at the Miers Gin Company.

Bill Wicker and Harvey Hennington have recently been employed at the Farmers Gin in McCaulley.

Bill Johnson, formerly City Marshall of Hamlin, writes that he will be in McCaulley within the next few days to lease the Darden Cafe. Bill has made his home for the past few years in Hobbs, New Mexico.

Texas Rangers have made frequent visits in these parts recently looking for stolen cattle.

We have had a few days of sunshine and the cotton has been rolling to town, and McCaulley looks like old times once again. In fact, there's just a good neighborly feeling toward everybody in McCaulley and if you don't think we will treat you right, come on over and see.

Mr. H. P. Powers, Supt. of the McCaulley schools, accompanied by the senior class, went over to the West Texas Fair Monday.

Mr. and Mrs. Frank Moore, of Crosbyton, were visiting parents, Rev. and Mrs. C. E. Dick last Sunday.

New officers elected for the Down Town Bible Class last Sunday were: E. C. Waldrop, L. B. Miers, Burl Bunkley, and N. A. Skaggs.

Miss Gertie Mason, Mrs. Bill An-

ders and Mr. and Mrs. R. L. Miers attended the West Texas Fair one day last week.

Mr. and Mrs. O. T. Hennington have erected a new up-to-the-minute six room home one mile east of town, and will move to their new home on or about the first of the year.

The P.-T. A. held open house at the school house last Thursday night and an enjoyable time was had by all. Mrs. Louis Boyd is President.

The Postmaster, Mrs. Lottie Receptor, tells us that Post Office receipts are higher than in years.

Last Saturday night a Negro man who had too much wild whiskey, decided to whip his wife and did, and while resisting arrest, officers had to get a shade rough with him. However, he is safe for a while behind bars with two charges, drunkenness and aggravated assault, filed in Justice Court.

The pen is mightier than the sword, and some times it takes the pen to wake folks up to facts. We do not mean to be sarcastic in this O'Gram, but we do mean to state facts even though at times it may not seem to be good politics. Whipping the devil around the stump is not what the citizens want. They want action, frankness, and square shooting. After all, when we shoot square with our fellow men, we will not lose but will likely be re-paid a hundred fold. Last week's O'Gram started plenty of comment; however, we are glad to say that if all the men who complimented us were on parade, it would be a nice army for home defense.—A Darden O'Gram.

DOVIE NEWS

By Opal Parker

Rev. Oscar Byrd brought the message Sunday morning following the election of new teachers and officers for the church and Sunday school. The same teachers were elected except one, Mrs. Louis Holden will take the beginners for the next year.

Mr. and Mrs. T. T. Ivey and daughters, Betty Lou and Sandra Jean from Gallup, N. M., visited his parents, Mr. and Mrs. W. W. Ivey Sunday and left Monday for Texarkana.

Mr. and Mrs. W. W. Ivey visited Mr. and Mrs. A. A. Miller last Sunday week. They also visited Rev. and Mrs. L. K. Malone.

We are glad to report that Mrs. Malone is getting along nicely.

Mr. and Mrs. H. R. Cooley and family went to Abilene Sunday to visit their daughter, Mrs. Vera Bagley, who has been ill for some time.

We are very proud to announce that she is improving.

Mr. and Mrs. Gerald Renfro and baby visited her parents Sunday.

Mr. and Mrs. R. H. Cooley. We are sorry to report that Mr. Claude Bessire left Sunday afternoon for Paducah where he will take over a new job. We are sorry to lose Claude. We hope he will return soon.

Nolan, Texas, Star Route (49P)

Mr. and Mrs. Earl Davis, of Crowell, Mrs. W. R. Walker and daughter, Mrs. Butler Graves, of Blanchard, Oklahoma, and Mrs. G. E. Goynes and husband, of Stamford, were here Sunday to visit their sister, Mrs. Albert Moore and family.

Corporal George Dean is leaving this week to rejoin his command at Norfolk, Va., where he is connected with the Naval Operating Base. He has spent thirty days at home with his parents, Mr. and Mrs. R. S. Dean. George has been in the Navy now about two years and 4 months and will have one year and eight months yet to serve. After that, George says he is getting out. But in all this time and in the other months he has seen and will see much of the world around the old U. S. A. George says, "Well, if we start at Hitler, I'll stay with them and help do a good job."

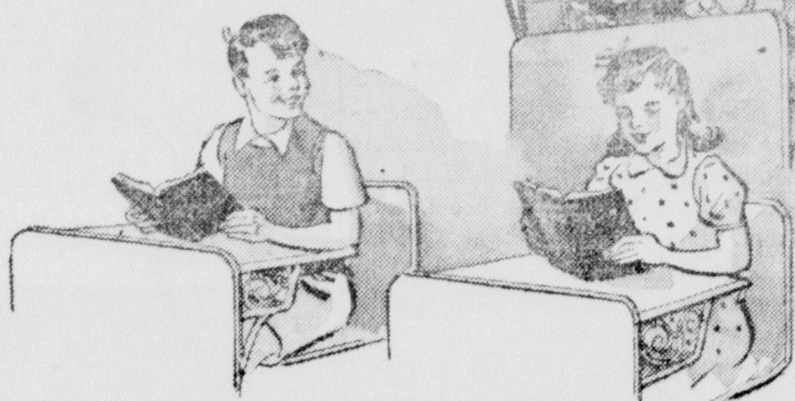

E. R. Burton, of Henderson, Texas, has moved to Hamlin with his wife and son, Ray, to make their home. Mr. Burton is a life-long dry goods man and has a connection with the Malouf Dry Goods. Their home is in the Middleton residence on Central Avenue.

Miss Frances Milsap who has been visiting her grandmother, Mrs. J. V. Milsap, returned to her home in Abilene, Thursday.

Education and Transportation are America's greatest institutions

There is no better example of the value of Santa Fe to your community than the taxes that we pay to support your schools. This support helps generally with your tax burdens, but especially in providing your community with one of its vital necessities—your schools.

Santa Fe is a part of your community and proud to share your tax burdens, but we need your help as much as you need ours. Ship and travel via Santa Fe. Your business makes Santa Fe taxes possible—let's work together.
